Five founding companies. Three months on nineloops.

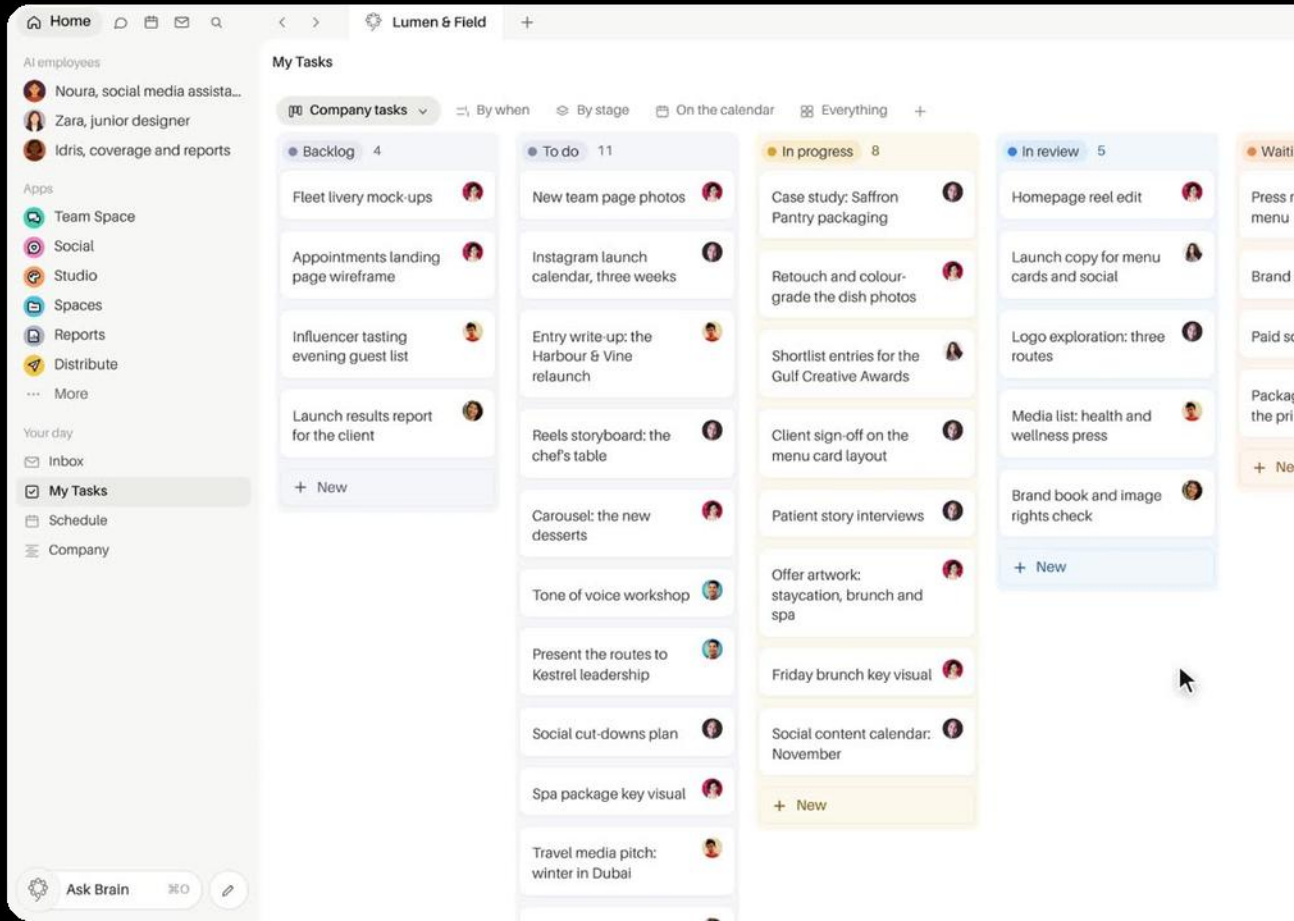

Every app on Growth, set up with the team that builds it. Free to apply until 24 November.

nineloops

Everything assigned to you, from every space.

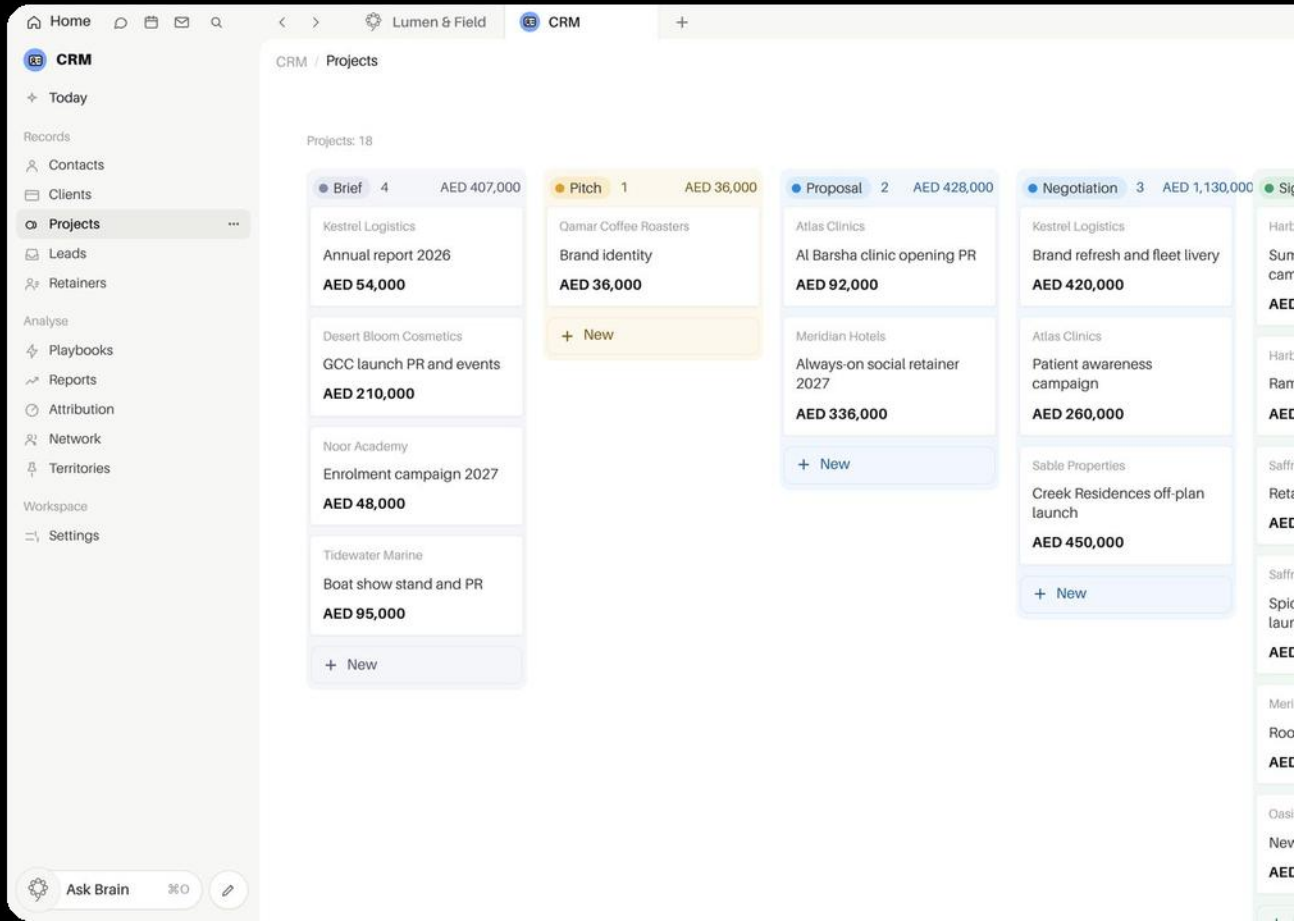

My Tasks lists the same tasks your projects hold, not a copy.

nineloops

Deals move through your own pipelines.

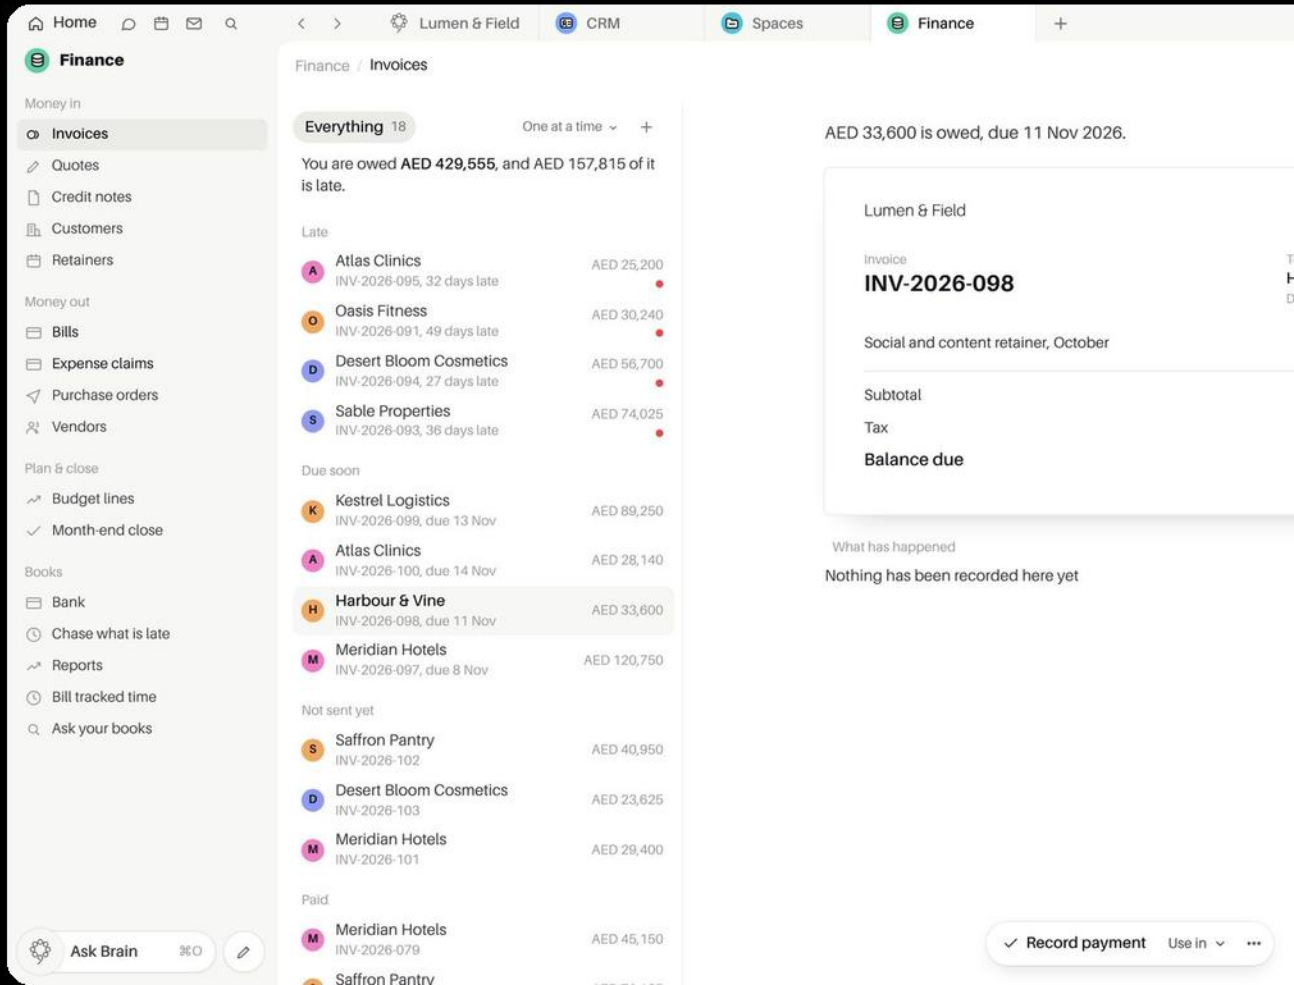

A won deal can open its delivery project with the client already in it.

nineloops

An invoice posts to the books as it is raised.

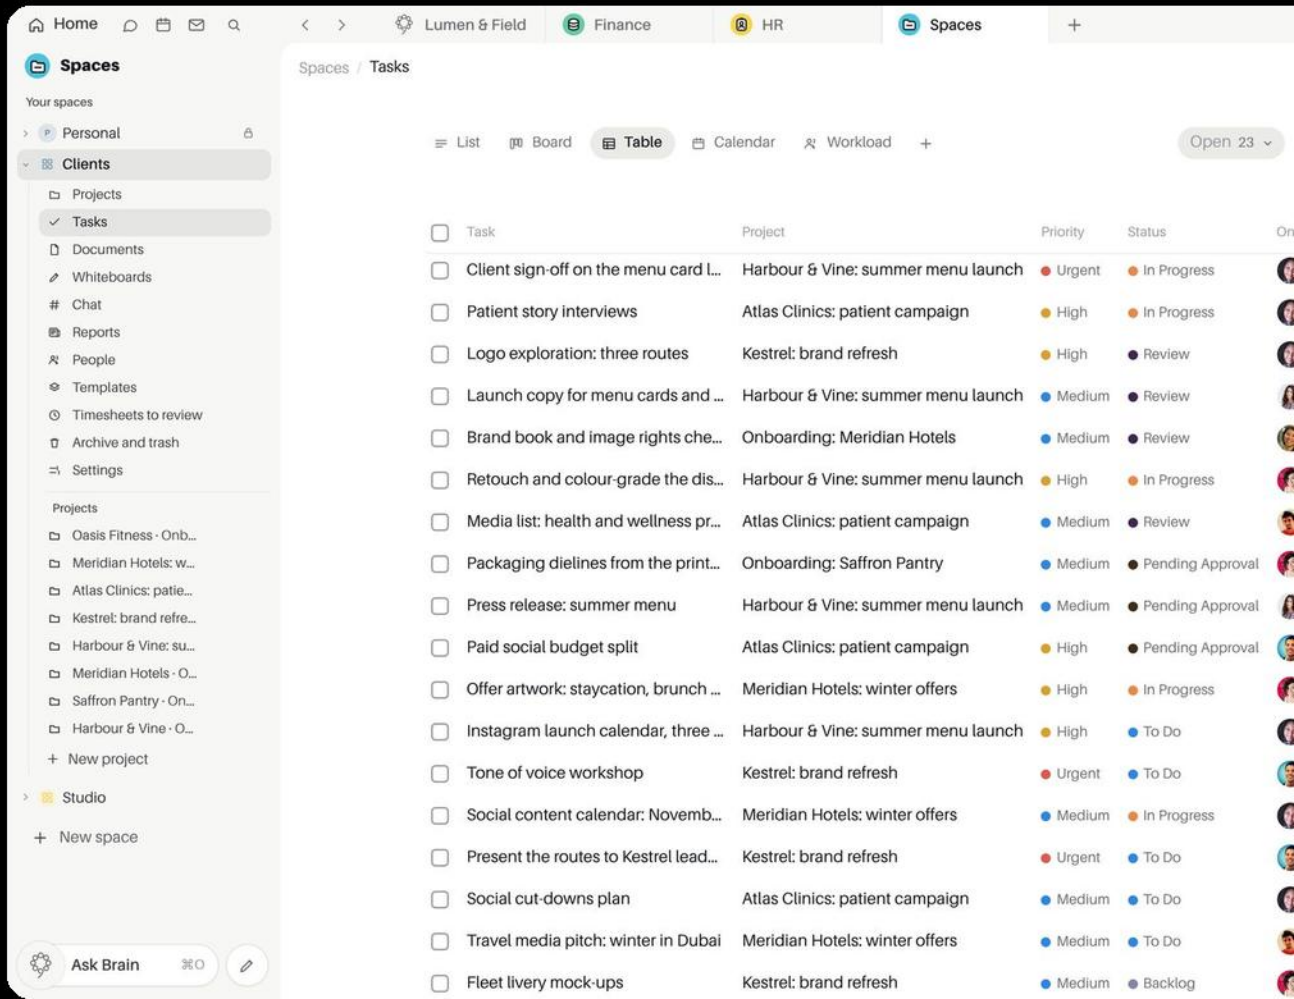

Owed is a formula: total minus paid minus credit.

nineloops

Projects in 18 views.

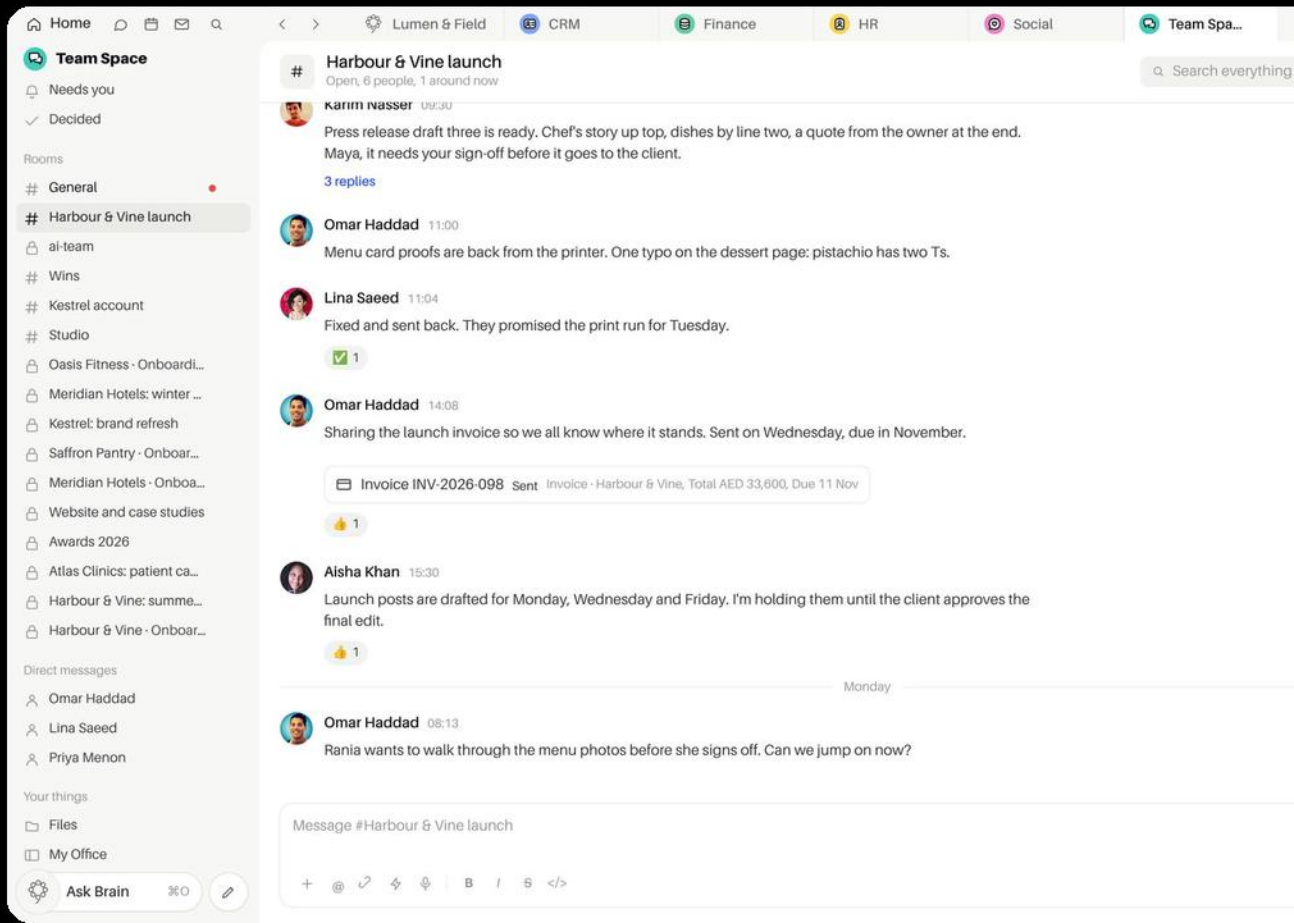

List, board, gantt, timeline, workload and more, on the same tasks.

nineloops

Chat, voice and video beside the work.

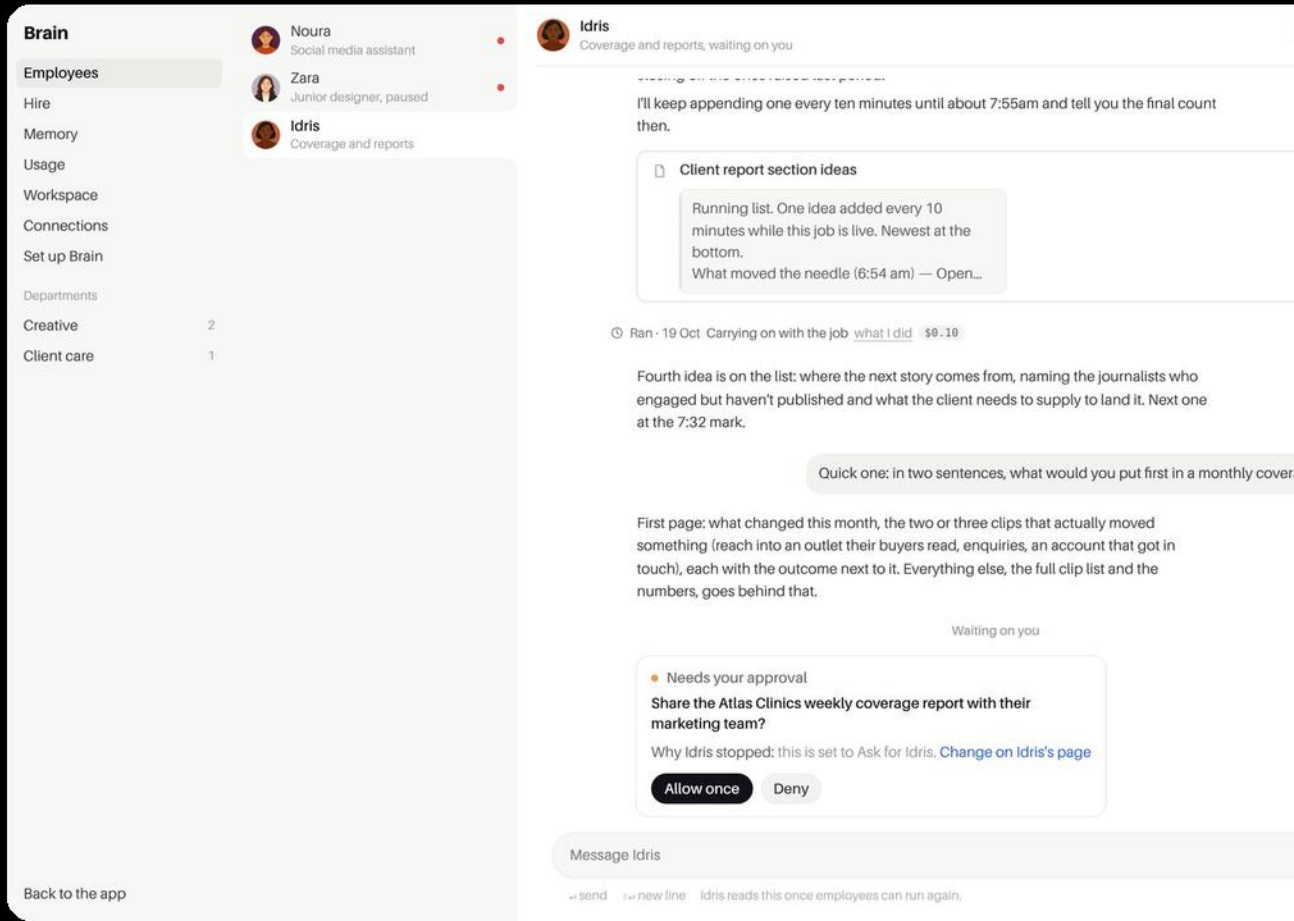

A room per team, space and project, with its files and decisions.

Brain: AI employees that ask first.

They take a role, work inside the permissions you give them, and wait for your yes.

nineloops

Design with your brand, in the same workspace.

Studio: templates, brand kit, pages, video and comments.
